

Yo-Yo!

Venue: Eastside
Audience: 16+; students, young people, care leavers, young offenders
Focus: safety and lifeskills
Cost: £6 pp for a 2 hour session

YOYO: You're On Your Own - independent living skills for 16+

Using the realistic scenarios in the Safeside village, YOYO (You're On You're Own) is a relaxed, non-threatening and non-judgemental 2 hour session for young people from the age of 16. The programme aims to help visitors to improve their independent living skills and keep themselves and others safe.

It includes:

- ▶ In car safety
- ▶ Travel safety
- ▶ Home safety
- ▶ Householder responsibilities
- ▶ Fire safety
- ▶ Local information on jobs, benefits and housing
- ▶ Personal safety
- ▶ Drugs, alcohol and personal decision making
- ▶ Financial safety and budgeting

YOYO is for young adults leaving care, students, school leavers, young offenders and teenage parents, with

a target age range of 16-22. Visits are adapted depending on the age and background of the visit groups. The 2 hour tour is ideal for anyone coping independently for the first time. Visits can be booked by any organisation working with the target group.

Visit arrangements

We can cater for between 12 and 60 young people in each 2 hour session. Visits start all together in our Conference room with a short introduction. Visitors are then placed in smaller groups, each

with one of our trained Presenters who will lead them around realistic scenarios including our house, internet cafe, Nationwide branch, court room and street. At the end of the tour, visitors

reassemble in our conference room for a short quiz, further information, and the opportunity to ask any questions they may have.

Did you know?

Around 33,000 deaths each year are caused by alcohol. This includes accidents as well as disease

In the words of a youth leader:

"A fantastic way to engage with young people on the life skills no-one else is teaching them"
